ABOUT ME

A results-driven Senior General Manager – Production & Process Optimization with over 20 years of experience in manufacturing operations, production planning, and cost optimization. Adept at enhancing productivity, reducing operational costs, and driving efficiency improvements across large-scale manufacturing units. Skilled in factory operations, supply chain management, and strategic planning to ensure seamless production workflows.

EXPERIENCE

BRANDIX India Apparel City I Quantum Clothing
Assistant General Manager 2019 - Present
Operations

- Managed end-to-end production operations—including cutting, sewing, and packing—for a manufacturing facility with a capacity of 1,800 employees, 50% of whom were tailors. Supervised 28 sewing lines supporting 900 tailors, consistently achieving an overall line efficiency of 78% despite frequent style changes. Maintained 100% efficiency on 12 lines and ensured a 100% on-time delivery track record through strategic planning, process optimization, and industrial engineering best practices.

Production Manager 2014 - 2019

- Streamline Production Department by Value Stream Mapping
- Implementation of MIS for Production Department
- Kanban Implementation from Cutting to Packing
- Lean Management Implementation in Production
- Closely working with the technical team to achieve production from day one by solving problems.
- Closely working with the industrial engineering team to enhance product efficiency and strategize productivity planning

Texport Syndicate India Ltd

Process Optimization Lead & Productivity Enhancement Manager 2011 - 2014

- Developed a structured critical path approach to optimize production timelines and reduce delays.
- Integrated Obeya boards for real-time performance tracking and effective decision-making.
- Leveraged Toyota manufacturing methodologies alongside digital factory visualization tools for improved operational transparency.

PROFESSIONAL CERTIFICATION

- Lean Manufacturing & Kaizen
- Toyota Production System (TPS)
- Factory Digitalization & Visual Management
- Statistical Process Control (SPC) & 5S Methodology

SKILLS

- Communication
- Time management
- Organization
- Technical skills
- Creativity
- Research

LANGUAGES

- English (Fluent)
- Hindi (Fluent)
- Telugu (Fluent)

EDUCATION

- **Bachelor Of Commerce** 2002 - 2005
- **Bachelor Of Arts** 2000 - 2002
- **High School** 2000

SOFTWARE SKILLS

- **SAP**
- **Oracle ERP / Microsoft Dynamics 365**
- **Power BI / Tableau**
- **Microsoft Office**

FUNCTIONAL SKILLS

- **Operations & Manufacturing Management**
- **Supply Chain & Inventory Management**
- **Digital Transformation & Smart Factory**
- **Leadership & Strategic Planning**

- Led a digital transformation initiative, eliminating paper-based operations and minimizing analogue inefficiencies.
- Established a Quick Changeover (QCO) manufacturing setup for both shorts and pants, exceeding TAL group targets.
- Achieved a 9% efficiency improvement within 8 months through strategic process optimizations.
- Enhanced cross-functional collaboration by implementing data-driven decision-making processes, leading to improved productivity and operational efficiency.

Usha Garments Mfg. India. Pvt. Ltd.

Senior Operations Manager 2009 - 2011

- Optimized end-to-end supply chain operations, ensuring seamless coordination between production, finishing, and logistics for enhanced OTD (On-Time Delivery)
- Implemented a zero-downtime operational model, increasing overall equipment effectiveness (OEE) and minimizing production disruptions
- Standardized technical and quality processes, driving a Right First Time (RFT) rate of 85% through structured problem-solving and process control
- Eliminated Non-Value-Added (NVA) activities across the value stream, enhancing input-output efficiency and reducing process waste
- Developed and enforced stringent process control measures to optimize trims utilization, reducing material wastage and improving cost efficiency
- Led cross-functional teams to drive lean manufacturing initiatives, increasing operational agility and reducing cycle times
- Integrated digital factory solutions for real-time monitoring of production metrics, improving decision-making and operational visibility
- Strengthened vendor and supplier collaboration, improving raw material availability and reducing lead times by 20%
- Established performance-based KPIs and operational benchmarks to ensure continuous improvement and workforce productivity enhancement

Provogue India Pvt. Ltd

Operations Manager 2007 - 2009

- Oversees daily production and process execution
- Ensures smooth workflow, team coordination, and operational efficiency
- Implements process improvements and monitors KPIs

Usha Garments Mfg. India. Pvt. Ltd.

Assistant Operations Manager 2005 - 2007

- Supports the Operations Manager in execution and process monitoring
- Assists in optimizing production schedules and workforce management
- Coordinates between departments to maintain workflow efficiency
